Economical FINGER AND THUMB Guard

FUNCTIONAL BENEFITS:

Perfect for jobs where only the thumb and forefinger need protection

Economical, comfortable

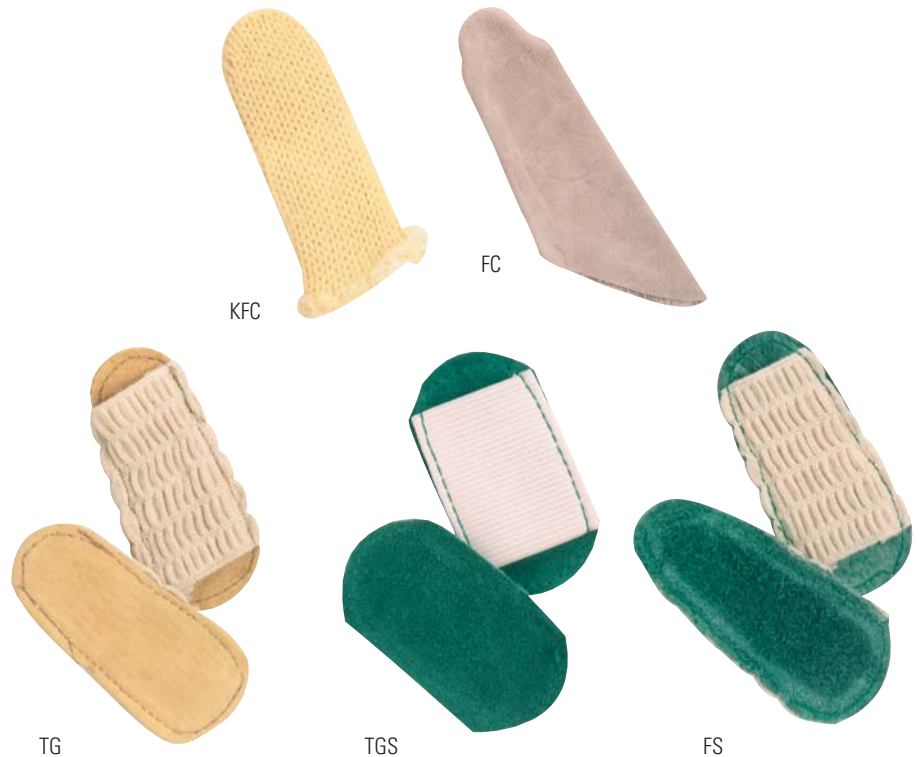

Choice of cut-, abrasion- or heat-resistant styles

APPLICATIONS:

Parts Handling

Assembly line

Grinding

Economical finger and thumb guard

These thumb and finger guards are ideal for applications like industrial assembly line or grinding, where only the thumb and/or index fingers need protection. Superior's finger guards leave the rest of your hands free for better dexterity and touch sensitivity. They are an economical and comfortable choice, since they can be replaced individually and save on the cost of an entire set of gloves.
