APPLICATIONS:

Welding
Fabrication

Hamilton Blue Welding Glove

When it comes to rugged durability and economy, cowhide is tough to beat. Along with high abrasion resistance, cowhide offers great dexterity that improves with each use.

Hamilton welders are made with tough-wearing select shoulder-split cowhide, for the ultimate in rugged comfort and durability. Fully lined, sewn throughout with flame-resistant Kevlar® thread, all critical seams are welt protected. The 505BUWS style has a unique reinforced palm and full double thumb patch, which greatly extends the wear.

The 505BUWS is also available in right and left hand only (add suffix RH or LH).
