

Action Kevlar[®], Cut- & Slash-resistant Gloves

FUNCTIONAL BENEFITS:

Leather palms wrap around sides of fingers, while thumb is all leather

Durable Tri-tan leather offers greater protection, longer wear

Glove body made of knit Kevlar[®] for excellent cut and slash resistance, plus flame-retardancy

Palms attached to knit shell using Kevlar[®] thread for greater seam integrity

Choice of styles to suit many applications

APPLICATIONS:

Construction	Assembly
Metal Stamping	Sheet-metal Work
Glass Handling	Automotive
Forestry	General Purpose
Material Handling

Kevlar[®] Cut- & Slash-resistant Gloves

Our 'Action' leather gloves have become the industry standard for heavy-duty cut resistance and durability. All models combine our own abrasion-resistant Tri-tan side-split leather (except the grain leather version SKGLP) with the excellent comfort and cut resistance of a seamless-knit Kevlar[®] glove. And as an added benefit, Kevlar[®] will not melt or drip around heat and open flame, increasing the range of applications. Fingers of the leather palms extend around the sides. This is one of the greatest wear areas, as seams tend to rub and annoy, often coming apart between the fingers. Our wrap-around style increases protection and comfort; extends glove life; and greatly improves launder-ability. Complete with full leather thumb, palms are attached to the knit shell with Kevlar[®] thread for greater durability.

What is THT?

Introducing the most revolutionary change to knit gloves since we learned to count to 5: a glove that's shaped like a human hand.

True Hand Technology, **THT**[®] from Superior is the first knit glove that's actually designed to fit your hand perfectly. The greater comfort and wear of a knit glove is now available with improved fit and dexterity.

How? It's simple. . . really, every other string knit glove is shaped the same way. Unfortunately none of them are shaped like a human hand. **THT**[®] changes this by creating a glove where the crotch of the baby finger is lower, just like it is on your hand.

Without **THT**

With **THT**

- SKLP A best seller, they feature all of the great qualities listed above. **Sizes XS - XXL**
- SKLPEV Same great features, but with a snug-fitting wide elastic wrist that adjusts with velcro closures. Keeps gloves comfortably in place. **Sizes S - XL**
- SKLPR This model has double, Tri-Tan side-split leather palms and index fingers for 'double action' plus all the regular 'Action' features. **Sizes S - XXL**
- SKLPTK Same great features, but with the wrap-around finger tips and knuckle strap. **Sizes S - XL**
- SKGLP Features full-grain leather palms for outstanding comfort, flexibility and endurance, as well as some water- and oil-repellant properties. **Sizes S - XL**
- SKGLPLC Same features as the SKGLP but with a 4" split leather cuff
