## Dexterity VL - Foamed Vinyl Gloves

"Breathable and Cool". "Long Lasting". "Best gloves for handling plywood". These are what workers are saying about Dexterity VL, foamed vinyl gloves. A seamless 10 gauge cotton shell, is dipped in a foamed vinyl. The coating is very high in abrasion resistance, but still very breathable. The glove is not liquid proof, but great for material handling jobs like, wood products, corrugated cardboard and fiberglass.
