

Item No.
RAIN01/035/CT

KeepDry RAINWEAR with PVC

FUNCTIONAL BENEFITS:

Oil resistant PVC
Detachable Hood
Chemical Resistant
Dielectric Snaps

APPLICATIONS:

Commercial Fishing
Construction
Agriculture
Forestry
Municipal Workers

KeepDry Rainwear with PVC

Superior's KeepDry rainsuits are made from PVC, short for polyvinyl chloride, which is a thermoplastic polymer of urethane that resists many chemicals, oils, greases, acids, caustics, solvents, oxidation and ozone. It also provides great abrasion resistance and tensile strength. Our KeepDry series includes coats and whole rainsuits. The latter comes complete with jacket, bib overalls and detachable hood. Yellow supported jacket and raincoat both feature a covered storm front, soft corduroy collar, two covered pockets and adjustable snaps at wrist. Detachable hood snaps on and ties under chin. Unsupported, green, light-duty hooded rainsuit features storm flaps over snap front and pockets. Bib overalls feature button fly and adjustable elastic suspenders. All snaps are dielectric plastic.

RAIN01 .1 mm, green, unsupported PVC, two-piece, light-duty rainsuit, (rain pants and hooded jacket) Sizes: L-XXL

RAIN035 .35 mm, yellow, PVC, supported on polyester, three-piece, heavy-duty rainsuit, (bib overall, jacket and detachable hood) Sizes: S-XXXL

RAINCT .35 mm, yellow, PVC supported on polyester, heavy-duty raincoat with detachable hood. Sizes: M-XXXL

All Rainwear is CFIA approved

Engineered hand protection for every industry®
