Proban® body for flame-resistance and cool comfort while working.

Black anodized snaps for reduced arc flashback

Kevlar®-sewn for longer seam life

Highly abrasion- and flame-resistant

APPLICATIONS:

Welding

Foundries

Top Star Leather/Proban Cap Sleeves

Welder's capes are a great choice when you don't require full frontal protection at all times: the cape snaps onto an additional leather bib, depending on what your welding application is. Sleeves are made from our own rugged Tri-tan side-split leather, and body is flame-resistant Proban® for cool comfort while working. Cape features Kevlar® stitching throughout for seam strength and flame-resistance, and back is open for cool, lightweight comfort. Shoulder and sleeve seams reinforced with leather. Soft side-split leather collar and black anodized snaps for reduced arc flashback round out the package.

Proban® is a registered trademark of Albright and Wilson Ltd.

LCAPE12	TOP STAR, all-leather, sizes S (36-38), M (38-40), L (40-42), XL (42-44), XXL

ALCAPE36	36" snap-on leather bib. Fits all SUPERIOR cape sleeves
ALCAPE25	25" snap-on leather bib. Fits all SUPERIOR cape sleeves

IMPROVED FEATURES!

Superior brings together the abrasion and cut resistant qualities of sidesplit cowhide with the lighter weight of grain leather in our TOP STAR welding apparel. We use reverse grain cowhide throughout each piece, resulting in less fatigue for workers in a garment that works & wears just as hard as our competitor's heavier version. Truly revolutionary!

Engineered hand protection for every industry®
