### What is THT?

Introducing the most revolutionary change to knit gloves since we learned to count to 5: a glove that's shaped like a human hand.

True Hand Technology, **THT™** from Superior is the first knit glove that's actually designed to fit your hand perfectly. The greater comfort and wear of a knit glove is now available with improved fit and dexterity.

**How?** It's simple. . . really, every other string knit glove is shaped the same way. Unfortunately none of them are shaped like a human hand. **THT™** changes this by creating a glove where the crotch of the baby finger is lower, just like it is on your hand.

### Outdoor Rag Wool Gloves

Ragg wool is a blend of 85% wool and 15% nylon for optimal warmth, wear and fit. Unlike ordinary wool, the yarns retain their natural oils, so they are more wind and water resistant. A good choice for a comfortable, hard-working cold weather glove.

**SRW** Ragg wool Glove, speckled Beige/Natural colour, Pre-washed for extra softness  
Sizes S, L

Engineered hand protection for every industry™
