- Food Processing
- Laboratory
- Commercial Fishing

#A4YU4835 Polyethylene Disposable 

#A8BV4835 Polyethylene Disposable 

All styles are CFIA Approved for Food Handling

## PVC Supported and Unsupported Aprons

Our aprons are economically priced but made to last. The unsupported version is a good choice for light to medium duty applications. For our heavy duty aprons, the PVC/nylon material is acid and caustic resistant with good puncture and abrasion resistance. Also available with a double layer stomach patch, perfect for meat and fish packing plants where the stomach area rubs against cutting tables. All styles are CFIA Approved for Food Handling.

- A8BV4835 8 mil thick, Blue unsupported PVC apron, 48" long x 35" wide
- A14YV4835 14 mil thick PVC on nylon, 48" long x 35" wide, adjustable neck strap, resistant to chemicals, detergents, oils and fats
