PIECE/BAG

ISO-SHIELD Protective Coverall COIH

Iso-Shield's unique non-woven fabric provides an effective barrier against many airborne particulates including chemicals and biological agents.

FEATURES

- High level of breathability (6500g/m² .24hr ASTM)
- Excellent Water Repellency (1400 MmH₂O AATCC)
- Excellent Tensile Strength (11820 gf/50mm ASTM D5035)
- Complete with hood, elastic wrist and ankles

GRADE		UNITS	ISOSHIELD COVERALL
Basic Weight		g/m ²	67-69
Thickness		um	214-270
Tensile Strength at Break	MD	gf/50mm	11,820
	CD	gf/50mm	6,690
Tear Test (Trapezoid)	MD	g	6,122
	CD	g	3,570
MVTR		g/m ² .24hr	6500
Hydro Resistance		MmH ₂ O	1400
Remark			
*Tensile Test Method - ASTM D5035		*Hydro Resistance - AATCC 127-1998	
*Tear Test Method - ASTM D5587		MVTR Test Method - ASTM E 96-95
