

Item No.
S13SXGPU

Cut Resistant Palm Coated **SUPERIOR TOUCH**

glove with Dyneema®

FUNCTIONAL BENEFITS:

Lint Free
Unparalleled Cut Resistance
High Dexterity and Flexibility

APPLICATIONS:

Sharp Steel
Glass
Circuit Boards
Automotive
Food Handling

S13SXGPU

WITH

Dyneema®

Cut Resistant Palm Coated Gloves with Dyneema®

Dyneema is 15 times stronger than steel on an equal weight basis and twice as strong as Kevlar®. It is also a lint free, continuous filament yarn. With their high coefficient of friction polyurethane palm coating and glove body with Dyneema®, these gloves give an unparalleled cut resistance for a glove of such high dexterity and flexibility. A good choice for handling sharp steel, glass or circuit boards, especially when lint and particulate contamination is a concern. CFIA Approved for food handling.

Dyneema® is a registered trademark of Royal DSM N.V.

S13SXGPU Grey Polyurethane palm coating, on a cut resistant speckled Grey glove with Dyneema®, Sizes 6, 7, 8, 9, 10, 11

S13SXGPUQ Grey Polyurethane palm coating, on a cut resistant speckled Grey glove with Dyneema®, Sizes 6, 7, 8, 9, 10, 11

**Gloves that don't feel
like gloves.**

Industrial gloves made with Dyneema®, the world's strongest fiber, offer exceptional protection against cuts and abrasion, as well as light weight and comfort. In addition to enabling "gloves that don't feel like gloves," Dyneema® polyethylene fibers provide great flexibility and cost efficiency for end-users.

Canada's first licensed manufacturer
of DSM. Dyneema® products.
