APPLICATIONS:

Commercial Fisheries
Food Processing

SureKnit™ Speckled Blue-and-white Nylon String-knit Glove

Heavyweight 7-gauge nylon gloves feature an extra-long eight-inch cuff for excellent forearm protection. Nylon knit is ideal for use in fisheries and food handling because the light, synthetic fiber does not soak up liquids or oils. CFIA approved for food handling, they are both hand-to-hand reversible and a speckled color to hide stains for longer wear throughout the day and for greater cost savings. Gloves are fully launderable. Knit with THT™ (True Hand Technology), for greater comfort and less hand fatigue.

SNCP8 SureKnit™ 8" cuff, Speckled Blue-and-white nylon, 92 grams/pr
Knit with THT™
Size L

SUREKNIT™

Engineered hand protection for every industry®
