## Dexterity LX- Latex Coated Gloves

Two great features come together in one versatile glove. Our Dexterity™ LX gloves combine the seamless comfort of a stringknit glove with a puncture-resistant latex coating over two different styles of stringknit: regular cotton/poly and cut-resistant Kevlar®. Unique, wrinkle-grip latex, applied to the glove over an ergonomic hand form, delivers excellent wet/dry grip with improved comfort and dexterity. Seamless comfort that is shaped to your hand, combined with a dependable grip, make Dexterity™ LX a great choice for construction, material handling, masonry work, handling glass, automotive work and the forestry industry.

S10CLXQ	Economy Blue Latex dipped, 100% cotton 10 gauge shell, <b>Sizes: 7-10</b>
S10LXQ	Dexterity Latex palm on 10 gauge knit shell, <b>Sizes: 7-11</b>
