First choice for electronics and paint-line applications

Can be made anti-static with electrostatic dissipating carbon filament

## **APPLICATIONS:**

Automotive  
Paint Line  
Electronics  
Cleanroom

S13TP3K

## **SureKnit™ 13-gauge, Low-lint Filament Polyester String-knit Gloves**

These fine knit gloves are made from lint-free continuous-filament yarns. They feature an extended three-inch knit-wrist cuff for forearm protection and stay-in-place comfort. Ideal for paint-line applications, they can also be made anti-static with an electrostatic dissipating carbon filament running through the glove. Low-linting polyester knit makes them the first choice for electronics and paint line applications.
