Economically priced

Ideal for moderate cut applications such as handling metal stampings, glass or other sharp materials

## APPLICATIONS:

Sheet Metal

Metal Stamping and Fabrication

Glass Handling

SKWCP  CFIA

SKWCPLP

## EMERALD CX, Cut Resistant String Knit and Leather Palm Gloves

Introducing the newest additions to our Emerald CX Line, SKWCP and SKWCPLP. Using our own Kevlar®-Stainless Steel composite yarn blended with Polyester to achieve great cut resistance while at the same time improving comfort and reducing price. These gloves are an ideal glove for moderate cut applications such as handling metal stampings, glass or other sharp materials. The Leather palm version is made with grade A split, making it one durable glove. Just like our Action Leather Palm, it is sewn with Kevlar® and wrap around finger and thumb for excellent wear. Made with a wing thumb for improved comfort.
