Brown Devil™ High Heat Welders Glove

Work with confidence in high-heat welding applications with our Brown Devil™ welder's gloves. We've combined heavy-duty, chrome-tanned leather with thick, thermo-foam lining for a glove with great heat protection and dexterity. Available in one-finger mitt or gunn-cut glove styles, they feature strapped thumbs for rugged durability and 4" gauntlet cuffs. Kevlar® sewn throughout for seam integrity and ability to withstand spark, as Kevlar® will not drip or melt around open flame. Critical seams are welt protected.
