

Item No.
WJP28

NEW

TopStar™, WELDING JACKET

FUNCTIONAL BENEFITS:

Tough, yet lightweight grain pigskin leather (a full 34% lighter than cowhide), with a woven lining in the sleeves for easier on and off

It measures 28 inches in length, and the black color hides dirt and stains

Durable but comfortable, and really great looking

APPLICATIONS:

Welding

WJP28

TopStar™, Welding Jacket

Our new TopStar™ grain pigskin welder's jacket is the best-looking welding jacket we've ever designed. But hey, you can't compete in this market on just good looks alone....and we have plenty to offer. It's packed with substance, from the tough, yet lightweight grain pigskin leather (a full 34% lighter than cowhide), to the woven lining in the sleeves for easier on and off. There are handy pockets on the sleeves, and roomy pockets on the inside. Snaps at the wrists and take-up straps at the back waist ensure a custom fit, while the corduroy collar provides extra comfort and softness. It measures 28 inches in length, and the black color hides dirt and stains. Durable but comfortable, and really great looking. In fact, this jacket is so comfortable and good-looking that you might just forget to take it off when the work day is over. But it won't matter; you'll be looking just as good out on the street as anybody else. No, better, actually.....

Snaps at the wrists ensure a snug custom fit.

While the corduroy collar provides extra comfort.

WJP28 TopStar™ black grain pigskin 28" welder's jacket, lined sleeves, wrist snaps and waist take-up strap
