Glass Plants
Construction
Material Handling
Automotive Industry
Aerospace Industry
Metal Fabrication

Gloves that don't feel like gloves.

Industrial gloves made with Dyneema®, the world's strongest fiber, offer exceptional protection against cuts and abrasion, as well as light weight and comfort. In addition to enabling "gloves that don't feel like gloves," Dyneema® polyethylene fibers provide great flexibility and cost efficiency for end-users.

CANADA'S first licensed manufacturer of **DSM Dyneema®** products.

Dyneema® is a registered trademark of Royal DSM N.V.

Crinkle-finish Latex Palm-coated Gloves Dyneema®

If you're looking for a glove with exceptional cut protection, and an excellent grip, look no further. Our new glove with Dyneema® and latex crinkle-finish palm coating brings together two great properties, adding a few more along the way. Textured latex offers good grip in both wet and dry applications. The crinkle texture channels fluids away from surface for enhanced grip. Gloves are snug fitting, highly dextrous and breathable, for all day comfort. The grey color hides stains as well, for longer wear. Washable for reuse many times over.
