- Welding
- Agriculture

Endura® Goatskin Driver and Fitter Gloves

Goatskin is often referred to as nature's strongest leather. It has very high tensile strength and abrasion resistance properties, but has excellent softness and is lightweight. Because of this high strength to weight ratio our Endura® Goatskin are much tougher and more durable than their suppleness leads you to think. Great for handling building materials, assembly work, farming, municipal work, utilities and metal fabrication.

Tensile Strength Chart (in lbs.)

ITEM
