- Grey colour hides dirt
- Long-wearing, economical protection
- Hand to hand reversible for greater economy

APPLICATIONS:

- Material handling
- Handling sharp metal parts
- General purpose

T1200GKW

Protex™ Grey Terry Knit Glove

Superior's Protex terry gloves are rugged and practical. Heavy-duty looped-pile construction traps air, providing excellent insulation against heat and abrasion, as well as good cut protection when handling sharp or rough metal parts. Thumb crotch is reinforced with Kevlar® for extra cut protection in the most vulnerable area of your hands. Gloves are reversible, for longer wear between washes. Grey colour hides dirt, and glove is long-wearing, making them an economical and effective choice for those handling sharp materials, or as a general-purpose work glove.

T1200GKW Protex™ Grey Terry Knit glove, 1200 grams/dz, sewn-on knit cuff,
Mens and Ladies sizes
