- Metal stamping
- General purpose
- Glass Plants
- Automotive
- Forestry

S10NTQ

Dexterity™ Series Nitrile-Dipped Coated Work Gloves

Our Dexterity™ nitrile gloves combine the seamless comfort of a 10-gauge cotton string knit glove with a puncture-resistant nitrile palm coating. These gloves are very economical: for approximately the same price as a dotted nitrile glove, you get full palm protection. Tough puncture- and abrasion-resistant nitrile is applied to the glove over an ergonomic hand form for all-day comfort and great resistance to oils and chemicals. They deliver an excellent wet/dry grip with improved comfort and dexterity. Seamless comfort that is shaped to your hand, combined with a dependable grip, make Dexterity™ nitrile a great choice, from construction to the forestry industry.

S10NTQ Dexterity™ NT string knit 10-gauge 100% cotton glove, palm-coated with black nitrile, **Sizes: 6-10**

Engineered hand protection for every industry®
