WaterStop/Oilbloc™ Goat-Grain Drivers Glove

#378GOB

Supple goat-grain drivers gloves are processed with Superior's own Oilbloc™ treatment for exceptional water and oil repellency. Oil simply won't soak through, not hours—or even days—after being dropped onto leather. (Untreated leather absorbs oils and liquids within seconds of contact.) And because it does not penetrate since it cannot leave a mark, gloves are highly stain resistant.

Set-in keystone thumb for greater comfort. Elasticized backs for a snug fit.

Also available with a Thinsulate™ lining: (#378GOBTL).
