Thinsulate™-Lined Hi-Viz Reflective Goat-Grain Driver Gloves

3M Scotchlite™
Reflective Material

#378GHVTL

Tough goat-grain driver gloves offer the ultimate in comfort and protection. Goatskin is often referred to as nature's strongest leather, with a high strength-to-weight ratio and unparalleled abrasion resistance that's lightweight and soft.

This high-visibility version features yellow tricot backs that are a smooth knit on the outside and soft and fleecy on the inside. Gunn cut styling includes full leather thumbs and forefingers. Gloves are a pull-on style for ease of donning, and have elasticized backs for a snug fit. This style is also enhanced with 3M Scotchlite™ retro-reflective stripes for increased visibility on the job.
