TESTIMONIAL

R. FENTON

Used them for my job, six days a week for 12-14 hours a day for three weeks. They provided great protection for my wrists which previously had numerous cuts and rashes when I'd been working with out them. Some slight wear after three weeks of near constant usage but nothing too bad and I'll likely be wearing them for the next few seasons.

STAYZ-UP ELASTIC

No more slipping! Sleeves with arm openings featuring "STAYz-Up" technology hold up—comfortably gripping onto underlying fabric or skin to ensure sleeves stay in place, and keep you protected no matter what. Unlike other products on the market, we won't let you down.

BETTER FIT – TAPERED SLEEVES

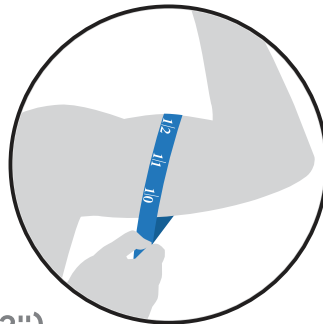

For a more natural fit, sleeves come in a tapered version; these provide extra comfort and staying power. Tapered sleeves are designed to fit the contours of your arm and actually come in sizes. Won't lose shape due to stretching.

MULTIPLE SIZES

To find the best fit, measure the circumference of your bicep and choose sizing according to the chart below.
