

Notice of Product Change Letter

RE: 378HVKGVB

Date: Friday, April 12th, 2018

To: Our Valued Customers

This letter is to inform you of an update to our 378HVKGVB as described in this communication.

Change Description: The back of the glove and anti-impact protection has been changed from high visibility green to orange.

Reason: The color of this glove has been changed due to customer desire.

In this case the change relates to:

- Cosmetic/Aesthetic Enhancement
- Technical Enhancement(s)
- Replacement of existing product with a new product

This is part of a rolling change. More popular sizes will already be available with the high visibility orange backing. Less common sizes may still arrive with the green backing.

Note: For questions, contact your Territory Manager.
