Winter PVC Gloves

#L200B

Economical, winter-grade PVC gloves by Superior. A great choice for workers doing outdoor maintenance and construction during cold winter months, as well as anyone working in cold storage facilities or fisheries. PVC retains great flexibility and crack-resistance even in sub-zero temperatures. Fully coated on the outside for full resistance to liquids, the lining is a triple layer of warmth, which features a layer of foam between the fleeced jersey liner and a cotton interlock.

Available with knitwrist (#L200K)
