

#505BUWS

Endura®

Deluxe Blue MIG Welding Glove

#505BUWS

Endura® welders are made with tough-wearing select shoulder-split cowhide, for the ultimate in rugged comfort and durability. Fully lined, sewn throughout with flame-resistant Kevlar® thread, all critical seams are welt protected. This style has a unique reinforced palm and full double thumb patch, which greatly extends the wear.

Also available in a 1 finger mitt version (501BUWS).

TESTIMONIAL

Safety Coordinator, Allied Blower
& Sheet Metal

"I don't know how Superior Glove makes any money. Our main welder is still on the same pair of gloves (505BUWS) and he is very impressed as they are showing no signs of wearing out. We will be purchasing these as well as your S13FGFNT from now on. Thank you very much for assisting us with our glove needs, I will be sure to inform our other divisions of the great long-lasting products that are made by Superior Glove."

Endura®
