

#S13KGPN

DEXTERITY®

KEVLAR® GLOVES
MADE WITH MICROPORE
NITRILE GRIP PALM

PUNCTURE ABRASION CUT

AVAILABLE SIZES

5 6 7 8 9 10 11 12

FEATURES

- Unparalleled wet and oil grip. The tiny craters on the palm, act as tiny suction cups and displace oil
- Micropore nitrile coating provides excellent grip by displacing oil on slippery surfaces
- Palm is case hardened for extra long glove life and durability
- Black color on palms hides dirt and stains
- Fully launderable (*do not use bleach)

APPLICATIONS

Handling Sharp, Oily Metal Parts
Automotive
Metal Stamping
Small Parts Handling
General Maintenance

TESTIMONIAL

DAVID H.
(ELECTRICIAN)

We have used your gloves with very good results. I have used them around a test bed installation project which required a lot of nut and bolt manipulation. Dexterity of the glove was incredible and performance was top notch. Hazards were abundant, sharp edges, hot metal, drill bit shavings and a few others. The glove protected my hands in all conditions and I continue to use them as my daily hand protection around the plant for routine maintenance tasks. This product works great for us.
