CLUTCHGEAR®

GOAT-GRAIN MECHANICS GLOVE WITH CARBON BACKS

AVAILABLE SIZES

FEATURES

- Clutch Gear® FR gloves bring together the beauty and fit of our mechanics gloves with the outstanding protection against flame and open spark that only carbon fiber can provide.
- Carbon fiber withstands prolonged exposure to direct flame and will not burn, char or harden.
- Kevlar® liner offers ANSI A2 cut protection while providing incredible comfort and dexterity
- Goat-grain palm provides outstanding abrasion resistance
- Sewn with black Kevlar® thread for stronger seams
- Heat resistance up to 284°F/140°C

APPLICATIONS

Oil and Gas
Petrochemical
Utilities
